

MAWSON INFRASTRUCTURE GROUP INC. ANNOUNCES PARTICIPATION IN UPCOMING CONFERENCES AND EVENTS

Posted on April 15, 2025

Mawson Infrastructure Group Inc. (NASDAQ: MIGI) ("Mawson" or "the Company"), a publicly-traded technology company focused on digital infrastructure platforms for artificial intelligence (AI), high-performance computing (HPC), and digital assets markets, today announced its participation in several upcoming CEO fireside chats, investor, and industry conferences.

MIDLAND, PA., April 15, 2025 — Mawson Infrastructure Group Inc. (NASDAQ: MIGI) ("Mawson" or "the Company"), a publicly-traded technology company focused on digital infrastructure platforms for artificial intelligence (AI), high-performance computing (HPC), and digital assets markets, today announced its participation in several upcoming CEO fireside chats, investor, and industry conferences.

Rahul Mewawalla, the Company's CEO and President, commented, *"We look forward to sharing Mawson's recent accomplishments and our strategic capabilities with the investment and technology communities at these upcoming events. Following our transformative fiscal year 2024 results and our executing 136% year-over-year revenue growth in our digital colocation business and 42% year-over-year revenue growth in our energy management business, we are excited to discuss our organization's strategic, operational, and financial advancements as we successfully transformed Mawson into a multi-tenant digital infrastructure platform serving enterprise-grade customers, and with offerings and solutions across artificial intelligence, high-performance computing, digital assets and other computing markets."*

About Mawson:

Mawson Infrastructure Group (NASDAQ: MIGI) is a technology company that offers digital infrastructure platforms for artificial intelligence (AI), high-performance computing (HPC) and digital assets. The Company's digital infrastructure platforms can be used to operate computing resources for a number of applications, and are offered across artificial intelligence (AI), high-performance computing (HPC), digital assets, and other computing applications. Our innovation, technology, and operational expertise enables us to operate and optimize digital infrastructure to accelerate the digital economy. The Company has a

strategy to prioritize the usage of carbon-free energy sources, including nuclear energy, to power its digital infrastructure platforms and computational machines.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Mawson cautions that statements in this press release that are not a description of historical fact are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words referencing future events or circumstances such as “expect,” “intend,” “plan,” “anticipate,” “believe,” and “will,” among others. Because such statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. These forward-looking statements are based upon Mawson’s current expectations and involve assumptions that may never materialize or may prove to be incorrect. Actual results and the timing of events could differ materially from those anticipated in such forward-looking statements as a result of various risks and uncertainties, which include, without limitation, the possibility of Mawson’s need and ability to raise additional capital, the development and acceptance of digital asset networks and digital assets and their protocols and software, the reduction in incentives to mine digital assets over time, the costs associated with digital asset mining, the volatility in the value and prices of digital assets, further or new regulation of digital assets and AI, the evolution of AI and HPC market and changing technologies, the slower than expected growth in demand for AI, HPC and other accelerated computing technologies than expected, the ability to timely implement and execute on AI and HPC digital infrastructure, and the ability to timely complete the digital infrastructure build-out in order to achieve its revenue expectations for the periods mentioned. More detailed information about the risks and uncertainties affecting Mawson is contained under the heading “Risk Factors” included in Mawson’s Annual Report on Form 10-K filed with the SEC on March 28, 2025, and in other filings Mawson has made and may make with the SEC in the future. One should not place undue reliance on these forward-looking statements, which speak only as of the date on which they were made. Because such statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. Mawson undertakes no obligation to update such statements to reflect events that occur or circumstances that exist after the date on which they were made, except as may be required by law.
